

# LOVE

Love, love, love makes people happy.  
Love, love, love makes people free.  
Love makes people do the things they know they  
Ought to do.  
Love is doing things for you and me.

Love, love, love makes people friendly.  
Love, love, love makes people kind.  
Love makes people do the things they know they  
Ought to do.  
Love is helping those who fall behind.

We need more love, it's easy to see.  
We need God's love, that's the way it should be.

Love, love, love makes people thankful.  
Love, love, love makes people share.  
Love makes people do the things they know they  
Ought to do.  
Love is showing others that you care.
